

Audubon Industrial Park

283 acres

2,320,00 square feet

141 companies

5,488 jobs

RD Zoning

Audubon Industrial Park (sometimes called "Amherst's blueprint for success") broke ground in 1973 and was the first of over twenty office and industrial park developments. Built-to-suit availability and RD Zoning provided expansive opportunities for growing companies. Businesses taking advantage of the Audubon Industrial park include: *IIMAK, Ivoclar Vivodent North America, Airsep Corp., Kistler Instrument Corp., and Buffalo Filter.*
